

HHHey BMPH3,

Party, party and more party! After two “boring” yet necessary newsletters this one focuses on fun. So open your agenda and write down dates for our two BMPH3 showstoppers as well as selected international events.

* **Summer hashing**: remember we’re keeping **Sunday 15:00** all year long in 2017.

* **Chef du Jour**: we need 12 volunteers for bringing the **picnic** food once each during our summer season. At the moment July is covered so we need another 7 volunteers. Remember: no volunteer = no picnic! The **shopping list** is **now on-line** plus we have two sturdy isotherm bags to lend for your convenience. Please contact [Hash Lash](#) to offer your services.

* **Xmas party**: the posh side of BMPH3 will be on display on **Saturday 9 December** in the 17th century wine cellar of **Strofilia** (metro Sainte-Catherine) once more. Based on comments received over the last three years its scope will be limited to BMPH3 active members and partners plus a few international guests, **by invitation only**, for a maximum capacity of 60 seats. Price will remain at €60 for members, going slightly up to €75 for non-members. Registration will open on November 1st with priority to those who contributed to the hash this year.

As introduced last month **Hash Credits** based on member’s “hand-on-deck” personal contributions for keeping our hash going will result in an additional discount of €10, €20 or €30. From now on you have another five months to collect more credits, including for playing Chef du Jour this summer. Check your **current tally here**.

* **Belgian Nash Hash**: keeping up with the tradition since the year 2001 we’ll be invading yet another city, this time **Hasselt** by taking over the 100 beds of Hostel H (opened April 2015) during BMPH3 birthday weekend of **13-15 April 2018**. Registration will hashficially open on October 1st and we expect the fees to remain similar to the last three years.

* **Hashing abroad**: travelling to other hash events can be fun and provide you with a different perspective. Next week we’ll have a good show with a dozen BMPH3 hashers attending the sold-out EuroHash in Vienna. Further afield there are many hash events, usually listed on [GoToTheHash.net](#). Here below a few with places left I’ve carefully hand-selected for your enjoyment.
